The annexed *Tract* of *Turnebus* is both elegant, and conſiderable for the Obſervations therein alledged, to ſhew the noxious effects of *Wine* in thoſe people, that drink much of that liquor; preferring good Water, Milk, Bier, and eſpecially good Cider, far above it; and taking notice, that Wine-drinkers have generally more deform'd, lower and drier bodies, as alſo ſhaking limbs, and a more haſty decay of ſight, than others.
